**Subject:** RE: R n B - old report - re Waste Disposal Data ?

Steve,

The report with the TCLP data is the "Field Activities Report, Mine Entry" dated December 14, 2012. The report doesn't have the entire laboratory report, but does have the TCLP, pH, reactive sulfide and cyanide, and total metals results sheets from the lab report (Appendix D of the Field Activities Report). I'm attaching the report for your information. Let me know if you'd also like the original laboratory .
